EXPERIENCE

Project Engineer - Wipro Ltd.

Project- Cybersource Payment Gateway Integration

📅 Dec 2021 – Present

📍 Bangalore, India

- Efficiently conducted extensive testing on multiple e-commerce platforms, including PrestaShop, WooCommerce, and OpenCart, to ensure the seamless integration of the Cybersource Payment Gateway module.
- Developed and implemented automated test scripts using testing frameworks, such as Selenium, to enhance efficiency, enabling continuous regression testing and early defect identification.
- Created comprehensive test plans and executed thorough test cases to validate the functionality, security, and compatibility of the integrated payment module.
- Proactively conducted penetration testing to evaluate code security and find potential weaknesses.
- Collaborated closely with the development team to identify, report, and track software defects using tools such as JIRA.
- Participated in cross-functional team meetings to ensure that quality standards were met and that the payment gateway integration met performance and security requirements.
- Contributed to the successful implementation of the project, providing critical insights and ensuring a reliable, secure, and user-friendly payment processing system through both manual and automated testing.

Software Developer Trainee

CEDCOSS Technologies Private Limited

📅 June 2021 - Dec 2021

📍 Lucknow, India

- Successfully completed comprehensive training in various web development technologies, including HTML, CSS, JavaScript, jQuery, PHP, and SQL.
- Demonstrated practical proficiency by successfully fulfilling assigned tasks.
- Consistently met project deadlines by completing assigned tasks in a timely and efficient manner.
- Acquired hands-on experience in web development technologies.

TECHNICAL SKILLS

- Programming Languages: Java, JavaScript
- JavaScript Frameworks: ReactJS
- Test Automation: Selenium
- Issue Tracking Tools: JIRA
- Database Management: MySQL
- Successfully solved over 200 problems on LeetCode, showcasing a strong grasp of data structures and algorithms.
- Attained a 4-star rating in Problem Solving on HackerRank
